DEPARTMENT OF TRANSPORTATION

Transit Technology Program Coordinator | Salary Range: $32.97 - $48.60 / hourly; $68,841 - $101,476 / annually

Are you looking for an exciting opportunity to get your foot in the door with State of Minnesota? If so, come join our MnDOT team in St. Paul, MN! Begin your journey today and check us out: **Why Work For Us**

This position may have the flexibility to telework, work a hybrid schedule, or work in the office. The incumbent will be required to make a telework arrangement with their supervisor. The incumbent will be expected to work in the office as determined by policy and discussion with their supervisor.

Our **Transit Technology Program Coordinator** position leads the State Transit Technology Program, overseeing MnDOT investments in transit technology for 39 public transit agencies throughout Greater Minnesota. The role is responsible for establishing program goals and objectives, managing budgets and financial reporting, and developing policies and procedures that support effective program administration. This position coordinates statewide transit technology initiatives for Greater Minnesota public transit partners, including grant solicitations, consultant management, project planning, and implementation activities.

The incumbent works closely with public transit agencies to identify and deliver technology solutions that enhance the customer experience, improve operational efficiency, and increase system effectiveness and revenue opportunities. Responsibilities include:

- Ensuring program and project compliance with applicable federal and state laws, regulations, and guidance.
- Developing and implementing technology projects that address transit needs.
- Serving as a subject matter expert representing MnDOT before legislative committees, stakeholders, and public audiences.

This position requires travel up to 25% of the time.
